Dear Chris

RE: TRAVELLERS – DAVENTRY

Thank you for your recent enquiries regarding the traveller encampments in Daventry town.

There are measures in place at all Council-owned parks and open spaces to deter unlawful access. We understand how frustrating it is for local residents when their access to parks and open spaces is disrupted in this way and are doing everything legally possible, working with the Police and other partners, to investigate the damage to property, ensure unauthorised encampments are moved on as soon as practically possible and prevent future problems. Any problems or concerns should be reported directly to the Council, ideally via the website's 24 hour reporting facility, or to the Police as appropriate.

Yours sincerely

Ian Vincent
Chief Executive
